

The Ohio Invasive Plants Council and the
Iron Furnace Cooperative Weed Management Area Presents:

Good Plants Gone Bad: Problem Plants in your Community

Wednesday, March 21st 2007

Session 1: 10: 00 AM - 12:00 PM

Session 2: 1:00 - 3:00 PM

Session 3: 5:00 - 7:00 PM

Ohio University Southern, Bowman Auditorium
Ironton, Ohio

Have a weed problem and don't know how to deal with it?

Please join us for a free workshop on invasive and weedy plants in your community. The workshop will feature guest speakers talking about control methods, alternatives to exotic plants, local efforts to control these species and opportunities for public involvement.

- Fun learning activities for kids will also be provided.
- Registration includes a chance to win door prizes.
- Refreshments will be served during breaks

Lawrence Soil and Water
Conservation District

Registration will be available by mid- February at:

www.oipc.info
